ASSOCIATION FOR FIREFIGHTERS & PARAMEDICS, INC.

REBUILDING BURN BRIDGES THAT CONNECT VICTIMS WITH LIFE

First off, thank you on behalf of the Association for Firefighters and Paramedics, Inc. The Association for Firefighters and Paramedics, Inc. (AFP) is a non-profit corporation formed to be able to provide assistance to the victims of catastrophic fires on a national level. These victims, comprised primarily of children and seniors are helped through funding provided by generous donors, both individuals and businesses.

The Board of Directors for AFP have witnessed the tragedies brought about by catastrophic fire. These caring volunteers often seek out the people and the support systems nationwide where the funds are needed the most. AFP's purpose is to try and be able to support the work of critical burn centers, fund patient care, provide burn medical information education, and support injury prevention initiatives, as well as community burn awareness programs nationwide as finances allow.

Your donation can help support programs like:

- X Children burned in fires – physical and psychological assistance
- X Burn Centers – allowing care for all regardless of financial ability
- X Burn Victims – financial assistance for victims unable to fend for themselves
- X Victims of Fire – assisting those forced from their homes
- X Education – supporting community efforts to prevent disaster through education

Since AFP does not engage in political lobbying or governmental involvement, funds raised may be distributed nationwide. The AFP is simply and solely a source of help for victims. To continue this work, support is needed from concerned citizens such as yourself. Any donation will be blessed and appreciated.

Best regards,

Michael F. Gamboa
